

## Course progression map for 2018 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

### **B2004** Bachelor of Commerce Specialist

#### Specialisation: Actuarial science

The placement of units may be rearranged to provide flexibility in choice of elective units or sequencing. For example, it may be necessary to move some Level 1 units into second year to allow proper sequencing of major studies. Students should seek advice from Student Services if they are in any doubt.

Students who wish to take a second major, especially one from another faculty, may need to complete more than the usual eight units at Level 1 and study one or more Level 1 units in year two. You should note that no more than ten Level 1 units (60 points) may be completed in a single degree course.

Year 1 Semester 1	ECC1000 Principles of microeconomics	ETC1000 Business and economic statistics	ACC1100 Introduction to financial accounting	Elective unit
Year 1 Semester 2	ECC1100 Principles of macroeconomics	ETC2520 Probability and statistical inference for economics and business	Elective unit	Elective unit
Year 2 Semester 1	ETC2410 Introductory econometrics	ETC2440 Mathematics for economics and business	BFC2340 Debt markets and fixed income securities	Elective unit
Year 2 Semester 2	ETC2430 Actuarial statistics	ETC2420 Statistical methods in insurance	BFC2140 Corporate finance 1	Elective unit
Year 3 Semester 1	Specialisation unit 1 selected from Part B	Specialisation unit 2 selected from Part B	Specialisation unit 3 selected from Part B	Elective unit
Year 3 Semester 2	Specialisation unit 4 selected from Part B	ETC3530 Contingencies in insurance and pensions	Elective unit	Elective unit

A	Foundation commerce knowledge
B	Specialist commerce knowledge
C	Capstone experience
D	Elective study
