

# Sync iPhone contacts to Google

## Sync Contacts from your iPhone to Google

These instructions can be used if changing from an iPhone to an Android device (Samsung).

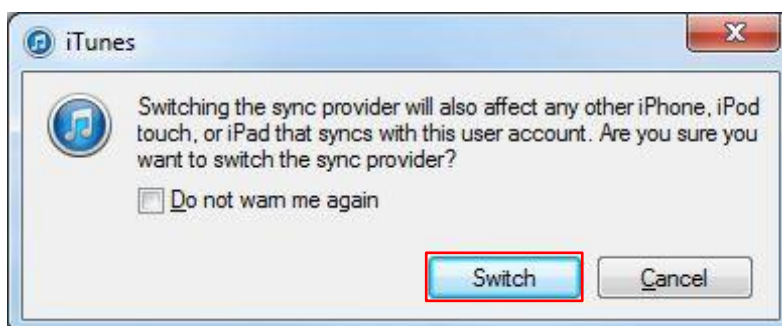

1. Open iTunes 11.0.2 on your computer.
2. Connect your iPhone to your computer via USB.
3. Press **Ctrl+B** to show the **Menu bar** on a Windows computer.
4. Press **Ctrl+S** to show the **Side Bar** in iTunes on a Windows computer.
5. Select your phone under the **Device** section.
6. Click the **Info** tab.

7. Select **Sync Contacts with**. From the dropdown menu, select **Google Contacts**.

8. Click **Switch** to confirm and agree to the selection.

# Sync iPhone contacts to Google

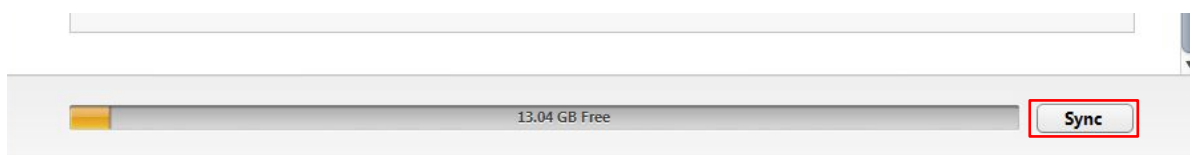

9. Click **Agree** to accept the terms and conditions.

10. Enter your **Monash email address** and **authcate password** and click **OK** to continue.

11. Scroll down to the bottom of the screen and click **Sync** to start syncing your iPhone contacts to your Google Apps account. Please wait for the sync to complete.

To ensure all your contacts are now synced to your Monash Google Apps account, log in to your Monash email and click on Contacts in the Black Menu Bar.
